

Texas Cities and Counties with COVID-19 Shelter in Place Orders

Texas REALTORS® is maintaining a list of cities and counties in the state that have implemented shelter in place orders due to COVID-19. While the association has included whether the order addresses real estate services, if there is a question on whether what you are doing qualifies as an essential service under the order in place for your area, Texas REALTORS® recommends you contact your local elected officials for their interpretation of how the order will be enforced. Consult your local government for the latest information regarding your area. Please direct any new information regarding shelter in place orders to jlee@texasrealtors.com.
